📍 Behala, Kolkata, West Bengal, India

✉️ samanta.debanjan2020@gmail.com

Experienced (3+ years) Software Developer having expertise in developing, installing, testing and maintaining software systems. I'm an enthusiastic, responsible and hard working IT person. Working for different projects and teams helped me adapt to changes quickly and made me a mature team player. I am able to perform well both in a team as well as on my own in any initiative. Known to manage strict deadlines and also work under pressure. I posses trouble shooting skills to analyze code and engineer optimal solutions for the same.
